Hong Kong.

Dear Mr. Ho Tin,

I am delighted to hear from Dr. B.M. Kotewall that you approve of our suggestion of Kei Hau (基孝) for the name of the new Secondary School at Lam Tin. I believe this name very suitably recognizes the Chinese tradition of respect for family life together with the Christian experience of Christ's obedience to a Heavenly Father. I understand that you have very graciously promised the sum of \$500,000 for the building of this School. This is a splendid and most generous contribution to the educational programme of our diocese. We are most grateful and would like to assure you of our intentions to maintain in Kei Hau School the standards of service to the community which we have tried to achieve in other schools.

We are ready to receive the money at any time now, as the building operations are all ready to begin. A cheque to the Diocesan Education Fund or to me as its Chairman will be most acceptable.

With all good wishes any very many thanks.

Yours sincerely,

(Gilbert Baker)
Bishop of Hongkong & Macao
