**2021-2022 First Exam**  
**English Speaking Preparation**

**Part 2 Reading Aloud**

**Scan the QR codes to hear a recording of the reading**

*1. Please read the following passage aloud as meaningfully as possible.*

My secondary school is huge. It has a basketball court and a gym. My primary school only had a small playground.

The teachers in our school are very friendly and helpful. They never get angry with us. In my primary school, all the teachers and principal were very strict. They always gave us detention or made us copy out the school rules if we didn't do our homework.

My favourite place in school is the canteen. They sell many kinds of snacks there. Last week, I found out that they even had my favourite- egg tarts. I was really surprised.

*2. Please read the following passage aloud as meaningfully as possible.*

What sport do you like the best? My favourite sport is trampoline dodgeball. It's a fast-paced and exciting game that can be played indoors!

How is it similar to dodgeball? In both games, contestants have to try to knock out players on the opposing team. They can do this by hitting their opponents with a ball or catching a ball thrown by them.

Unlike dodgeball, trampoline dodgeball is played on a court made out of trampolines, so players need to keep bouncing to keep their balance. This requires good hand-eye coordination and a lot of energy.

**3. Please read the following story aloud as meaningfully as possible.**

My family is going to Singapore during Christmas. On the first day, we're going on a guided tour around the city. I love to go sightseeing so that'll be fun. Then, on the next day, we're going to enjoy a ride on a cable car to the island of Sentosa. In the evening, we're going to head to a night market and try the local cuisine. On the last day, our flight departs at 1pm. I hope I'll have time to buy souvenirs.

Everyone in Singapore speaks English. That means we won't have any problems understanding the people. I'm sure we'll have a fabulous time.
